21X WEB

SEO Terms of Agreement

Any website that is not displayed on PAGE ONE of Google cannot and will not perform like it should.

Our MAIN focus will be to get you listed * **ORGANICALLY** on PAGE ONE of Google and many other International and Local Search Engines and Business directories, for as many Keywords possible (normally max 10). All our Marketing efforts will be focussed with this in mind.

* **ORGANICALLY** –Organic Google results are those “real results” displayed on Google pages (not Ad-words) where clients have worked hard to get displayed on the centre, main sections of Google result pages, without paying Google for * **Ad-words** which are specific Keywords purchased by clients from Google, which entitles them to be listed on the Top, Right or bottom of Google result pages based on the amount they choose to pay to Google.

- 1. It does take much time and many hours of hard physical labour by our staff to get you to rank well.** Many large Companies spend vast amounts of Money on a monthly basis, to be ON PAGE ONE. We achieve this starting with a nominal fee of between R2 500 up to R6 000 per month.
- It is unreasonable and unwise to expect immediate results since most Businesses who are ranked well have often spent many years and much money to get there. The market is very competitive and those who rank well make much more money that those who rank poorly.
- We do both SEO (Search Engine Optimisations) and SEM (Search Engine Marketing)
- Position ONE on Page one STATISTICALLY gets 32.6% of all enquiries for specific keywords on Google (page two hardly yield any results).
- FACT: We can and will help your Business to rank well - We do this all the time!**
We get excited together with our clients, as we watch how their rankings improve!
- We are a marketing Company** - NOT an Advertising Company. Advertising Companies like newspaper generate quick results while Marketing Companies generate long term company growth and Branding awareness. Building your Business will generate “automatic” sales (passive income) for years to come.
- While we do not focus on placing adverts for our clients, we do place some adverts on carefully selected websites. Our focus is to build up Internet credit for your Business so that you can continue to, over a long period of time and for years to come - enjoy the benefits of our work.
- Please do not expect instant results.** The work we will do for you will steadily BUILD your business following specific, scientific, carefully pre-planned steps and strategies. For this reason we enter into a 12 month written agreement with our clients. We know that it will take many working hours, to get quality results. Some Business owners think that it is a quick and easy job to rank well on Google. It is NOT! Most businesses who rank in the Top 10 (Page One) on Google for specific keywords, have done years of hard work, and have often spent tens of thousands to get there.

9. **We do NOT work with Google Ad-Words.** We regard Ad-words as another Advertising platform which only works for as long as you pay your monthly advertising fee. We normally recommend that our clients stop with their Ad-Word campaigns after they have been with us for 2-3 months.
10. We do not offer a Quick Fix solution, but **WE DO OFFER a long term Quality solution**, which will enhance the value of your Business, as well as the value of your website.
11. We send regular Google results per email.
12. We are available to our clients for strategy discussions and suggestions.
13. We follow our own strategies to promote and enhance our client's websites. We follow a work pattern and our staff will do specific jobs for your website at specific times. Records of all work done for our clients are kept on our Database. We do not disclose these strategies to our clients. We know how to get our clients into Good Google positions and we will do this over the next 12 months. This information is valuable and has been gained from **over 15 years personal experience in the industry.**
14. Clients can normally expect to start seeing Google ranking improvements from Month TWO.

Please note that you enter into a 12 month agreement with us.

Payments are made in ADVANCE on a Monthly basis.

You are liable for payment for the FULL TWELVE MONTH PERIOD.

If you are serious about promoting your Business, please do help us where possible in Marketing your business effectively.

We do not offer Free rides or "Fly now pay later options". Your Payments are not subject to performance, but your performance through us is guaranteed and based on payments received.

We attach our agreement for your written approval. Please send signed document back by Email to louis@21x.co.za

Ons heg ons ooreenkoms aan vir u ondertekening en goedkeuring. Stuur asseblief terug na louis@21x.co.za
